

REMARKS

These remarks are in reply to the Office Action mailed February 26, 2004 in the above-mentioned patent application.

I. Rejection of Claims 1, 9, 19, and 20

Claims 1, 9, 19, and 20 were rejected under 35 U.S.C. 112, second paragraph, as being indefinite and unclear with regard to the phrase, "a plurality of moving target indication data". Examiner stated, "The phrase is not clear as to what the 'plurality' is. For example, does this phrase mean moving target indication data for a plurality of targets? Or, does it mean a plurality of sets of moving target indication data for a single target? Or, does it mean something different than these two examples?"

Applicant has rewritten claims 1, 9, 19, and 20 such that the phrase in question now reads, "a plurality of indication data of at least one moving target". The amended phrase indicates the plurality applies to the indication data. Applicant respectfully submits that claims 1, 9, 19, and 20, as amended, should be allowable.

II. Rejection of Claim 8

Claim 8 was rejected as being indefinite and unclear because it depended on itself.

Applicant has rewritten claim 8 so that it is dependant on independent claim 1. In addition, applicant has changed the verb "travels" to become "travel" in order to match the subject of the element "entities" which is plural. Applicant respectfully submits that claim 8, as amended, should be allowable.

III. Rejection of Claims 2-7, 10-18, and 21-25

Claims 2-7, 10-18, and 21-25 were rejected as being unclear in that they depended from unclear independent claims. Applicant respectfully submits that independent claims 1, 9, 19, and 20, as amended, should now be allowable. According, Applicant respectfully submits that dependent claims 2-7, 10-18, and 21-25 should therefore also be allowable.

IV. Conclusion

In view of the Amendments and Remarks, Applicant respectfully submits that all outstanding rejections in the above-mentioned patent application have been overcome
